LEGENDARY IAS MENTOR

CIVIL SERVICE ACADEMY

A MISSION FOR SHAPING LEADERS

Legendary IAS Mentor was born from a visionary purpose—to bridge the gap between ambition and achievement through unparalleled mentorship. We believe that clearing the Civil Services exam is not just about persistence; it's about the right guidance at the right time. Here, every aspirant is nurtured under the personal care of dedicated mentors who understand their journey, their struggles, and their potential. More than just teachers, our mentors are sculptors—chiseling raw ambition into excellence, shaping not just future officers but visionaries who will lead and transform the nation.

OUR LEGACY

Legendary IAS mentor is an initiative of nationally reputed civil service faculties and mentors having high success rate in civil service examinations. Our team consists of Renowned Faculties, IAS Rank Holders, Subject Experts, Alumni from Premium Institutions like IITs and renowned faculties from Delhi and Calcutta providing wide exposure of experience. We use the most modern state -of -the- art technologies for ensuring effective learning that convergence into results. We strive to create organic results by providing high quality classes and Mentorship.

LEGENDARY IAS MENTOR

CIVIL SERVICE ACADEMY

Thank you for being a home amidst the chaos, calm amidst the storm, and an anchor that kept me grounded.
Thank you for believing in me and giving me friends I would hold dear through my life.

Each mentor here is a blessing that the students can receive. I hope they find your true value just like I did. For what they have at their disposal is not just a coaching centre, but a safe haven to learn, grow and achieve their dreams.

Fly high, shine brighter through each passing day.

*I will never forget what this institute has given me.
Words fail to express my gratitude.*

Onward and Upward!
Much Love,

MEERA IPS - AIR -160

MORE TESTIMONIALS

RAHUL IPOs

"With top-tier faculties, hardcore mentorship, and daily micro tests, my marks improved remarkably. The one-on-one mentorship made preparation effortless, offering Delhi-level exposure right from Kerala."

AMRUTHA SASIKUMAR

Each Prelims test followed by discussion and individual mentorship, helped me strengthen the prelims game through logic training and content enrichment. The questions are well conformed to the original prelims standards.

DEVIKA MUKHESH

I have been privileged to study at a remarkable civil service coaching institute in Trivandrum, and I can confidently say it is an outstanding choice for aspirants. From top-notch facilities to personalized mentorship, this institute truly stands out. And I Highly recommend to every aspirants. I believe it will continue to empower and guide aspiring civil servants to success.

SIDHARTH THOTTATHIL

Tests along with booster classes and PYQ Analysis helped me develop as an aspirant. I am very grateful that I joined Legendary IAS, without which cracking prelims would have been an impossible dream for me.

PARVATHY L

The Mains Combat program and Mains Test Series by Legendary IAS Mentor, not only streamlined by preparation, but also provided insightful predictions that mirrored the actual UPSC Mains exam. The detailed evaluations and personalised feedback highlighted my weaknesses and guided me through tasks that strengthened my writing and analytical skills.

SABRI SREEPRAKASH

Legendary IAS Mentor's test series proved highly predictive in my second Mains attempt (CSE 2024). Their Bodhisattva mentorship model, along with Nitin Sir's and Paulson Sir's guidance, made my journey calmer and boosted my answer-writing skills.

LEGENDARY IAS MENTOR

CRAFTING CIVIL SERVICE CAREERS THROUGH ONE-ON-ONE MENTORING

IAS! Perhaps this acronym has fired up the imagination of countless youngsters and the pursuit of making it to this elite league has seen aspirants undertaking physical rigours on an unprecedented scale. Though a career in the country's most coveted government job is the ultimate dream of many Indians, the route to making it to the rarified echelons requires proper mentoring and guidance. This is where Legendary IAS Mentor based at Plamoodu is breaking new ground through a methodical and systematic approach that has thrown up impressive results.

However, the system devised at Legendary IAS Mentor was the result of carefully identifying the shortcomings in the existing training programmes and resolving them with the help of proper solutions.

Hardcore Mentorship Batch

The **flagship programme** offered by IAS Mentor is the Hardcore Mentorship Batch which charges ₹1.5 lakh. From the profit point of view, this is not beneficial to the training academy. In this, if an aspirant has five attempts remaining, he/she can make full use of the facilities for the entire period. There is a one year Regular Batch, which is also offered by all CSE training institutes, which costs ₹80,000. Besides, there is a Repeaters' Batch which is available for ₹25,000.

Team IAS Mentor realised that almost all the CSE (Civil Service Examination) training academies followed a pattern where there were far fewer mentors for far too many aspirants. So, the aim of IAS Mentor was to ensure mentoring to aspirants on a one-on-one basis. Almost 90 per cent of the mentors are those who have cleared the CSE interviews while the remaining 10 per cent are subject experts and rank holders. The mentors remain there after the classes and the students get their doubts cleared by the mentors. Following this, there will be mock tests. There will be a session where discussions on topics already taught will be revisited and it will be led by the mentors themselves.

Prelims-Mains-Interview are the three stages for Civil Service aspirants. The normal rate charged by CSE training academies is in the range of Rs 1.25 lakh. But after one year, aspirants will not be able to use the facilities other than the reading room. Each fresh attempt to take the CSE will require a fee of Rs 15,000 to

RITE OF PASSAGE

Phase I

- Methodology of learning
- Reading assignments

Phase II

- Classroom sessions,
- Mentorship
- Exams

Phase III

- Intro to Mains module (90-day training)
- Proper preparation of notes and writing answers

Phase III: Logic Training Session

- Questions prepared by leading CSE institutes from across the country and previous years' UPSC Exams will be given to students to solve. Thirteen principles will be taught to aspirants to solve logical questions

Phase IV: Combat

- Revision and testing plus booster session,
- Active mentorship

Phase V: Final Stage

- Intensive exam, revision

be remitted.

However, Team IAS Mentor is focused on ensuring results of the aspirants enrolled with the institute and hence the aspirants can make use of the facilities as long as they want.

Proper guidance is the most important thing while preparing for the CSE. Mentorship availability is a high point. These mentors forge a deeper understanding with their proteges so much so that both

of them will know each other's preferences and dislikes. This enables the proteges to derive the maximum benefit from the proper guidance given by the mentors.

In a marked shift from the past, there is no longer the need to go to New Delhi to pursue the IAS dream. Instead of jostling for space in a packed classroom, it would be better to be part of a classroom with a limited number of aspirants in Thiruvananthapuram, which has emerged as the new learning hub.

Elsa, one of the mentors at IAS Mentor, said that for mentoring to become effective, mentors should be able to identify the exact problem which hampers an aspirant's capabilities to go full throttle. "Several of our faculty members are also associated with leading CSE academies across the country. A major advantage of this is that this enables mentors to identify problems in aspirants and resolve them accordingly as a result of the wide exposure they get," she said.

According to Elsa, several children from SC/ST backgrounds and indigent families, who are enrolled with IAS Mentor, encountered family issues and comprehension problems.

"These aspirants may need more than a year to sit for the CSE. We will provide scholarships to them and co-opt them to the Hardcore Batch and give them proper training to equip themselves to take the CSE two- three years down the line."

There is also a scholarship batch which is called 'Super 30'. There is a selection process for gaining admission to the batch. While students from economically underprivileged backgrounds will be taught for free, a fee of Rs 30,000 fee will be charged for others.
